LAUNDRY SERVICES ON TOUR

You may take the opportunity to do your laundry on tour.

Some hotels have a laundry room with self-service washers and dryers available to guests at specified operating times. Charges for machine use and detergents vary.

If the hotel offers a laundry or dry cleaning service, it is important to ask at reception how long it will take to get your clean laundry returned to ensure you get everything back before checking out. Higher charges apply for this type of service.

Laundry facilities listed may change without notice.
